

Barcelona, 25<sup>th</sup> January 2017

Dear Marco,

As President of the DanceSport Europe, and on behalf of my colleagues in the Managing Committee, once known the end of your collaboration as the WDSF Sports Director, I would like to forward you this message.

We understand that the stages of people in the institutions come to an end at some point, and it is fair to highlight the achievements that these people have brought.

From your role, first as General Secretary and later as Sports Director, I would like to highlight your career with a characteristic, which is your will to professionalize the different roles within the WDSF, incorporating seriousness to the judges and coaches relations with the WDSF and towards the Athletes and the Competitions.

Your incorporation to the WDSF coincided with the need to evolve the Federation in order to assume contents of greater ambition and challenges that were unthinkable until that moment.

You have helped to create an image of the WDSF and you have defended it in many international Sport Institutional forums, which has helped the WDSF to reach its current position.

All this deserves a deep appreciation from all those who are part of the WDSF, and that is how we want to express it from the DSE.

Receive an affectionate hug from all of us.

**Luis Vañó**  
President
